

WRIGHTINGTON PARISH COUNCIL

At the Meeting of the Council of the Parish of Wrightington held on Monday 18 September 2017 at Appley Bridge Village Hall at 7.30pm the following were present:

Councillors: Mrs J Burton (Chairman), Mr F Hodgkinson, Mr F Johnson, Mr P Gartside and Mr J Clinch. Also present PCSO Andy Holderness.

OPEN FORUM

(At this point in the Meeting members of the public present can report, ask questions, raise issues and make observations on parish matters or items appearing on the Agenda. Reports will also be received from the Police, District and County Councillors if attending – Once open forum is closed the Chairman will only suspend standing orders to allow public participation in extreme circumstances.)

PCSO Holderness – Reported the recent crime figures which indicated no major issues in the Parish. In the last one month period he reported: Burglaries - 1 in Appley Bridge and 1 in Wrightington. Car crimes: damage to a motorbike and a car stolen, later recovered, in Parbold. Damages: at Parbold School and a window in an abandoned building damaged with a pellet gun. No reports of anti-social behaviour received and, incidents at the Quarry have now quietened from the daily calls received over summer. PCSO Holderness was happy that there have been no spikes in crime in the village over the past 3 months. The odd drive-off from the BP garage was also reported and motorists are still using it as a short cut to avoid the motorway roundabout. Councillors reported that some motorists are still entering via the exit point, possibly because the no entry signs are particularly small and often not seen until it is too late. PCSO Holderness will check and monitor this. The Council reported their concerns in relation to the aggressive marketing for Costa Coffee at the BP Garage, with large and small signs erected everywhere, including the central reservation of Crow Orchard Road, and flags on the highway verges. The Council believe these are distracting to motorists. The Council again expressed concern about the large red or white vehicle parked almost daily on the car park adjacent to the bungalows on Chisnall Avenue. The Parish Council confirmed that they have requested signage from West Lancs. BC indicating that the car park is for residents only. The Council again expressed concern about the number of vehicles parked for long periods of time on Appley Bridge Village Hall car park. Notices have been placed on the windscreens of the vehicles which seem to have been abandoned. One of the vehicles now has a note in the window indicating that they are having work done on their driveway and that they will remove the vehicle if it is causing problems. PCSO Holderness agreed to pursue removal of the other 2 apparently abandoned vehicles from the car park. The Parish Council thanked PCSO Holderness for attending and bringing them up to date with crime reports.

47. **APOLOGIES** – Were received and accepted from Councillor House (family commitments).
48. **DECLARATIONS OF INTEREST** – Members were asked to consider any personal/prejudicial interest they may have to disclose in relation to matters under discussion at the Meeting - No declarations were made at this point in the Meeting, however, should a Councillor feel he/she has any interest in later matters he/she will declare it at that point.
49. **MINUTES** – The Minutes of the Meeting of the Parish Council held on Monday 17 July 2017 had been circulated in advance of the Meeting, were accepted as a correct record, and signed by the Chairman.
50. **UPDATE/PROGRESS WITH ISSUES RAISED AT THE PREVIOUS MEETING**

 - c) Request for a Donation from Wrightington Pensioners' Welfare Association – **Resolved – The Parish Council will donate £100 at the October Parish Council Meeting.**
 - d) Notification, via County Councillor Mrs Evans, that an amendment is proposed to the Green Infrastructure & Cycling Strategy, to extend improvements of the canal towpath beyond Parbold and up to the boundary with Wigan as part of the Pier-to- Pier route – **The Parish Council are pleased with this amendment and will thank Borough Councillor Mrs Evans for her support and input on this matter.**
 - e) Emails regarding the boundary wall at Appley Bridge Village Hall being affected by tree roots – **The Clerk reported that since this email was received the wall has actually fallen over and is now blocking the walking access to the front of the houses on Ashfield Terrace. Councillor Mrs Burton has placed red and white hazard tape at either end of this path and the Clerk has posted notices stating that the route is temporarily closed and that the alternative route is via the village hall car park and the gate on the left of the hall. It was reported that the roots of a large tree adjacent to the wall have damaged the foundations and caused the wall to fall over. There is approximately 5 tonnes of stone on the path. The Chairman has met a contractor on site who has given a quotation of £150+VAT to remove the stone from the path and put it on the grass within the boundary of the village hall. This work can be done towards the end of this week or the beginning of next week. The stone cannot be removed as it forms part of the village hall, owned by West Lancs. BC. It was reported that it will cost in excess of £1000+ to remove the tree and in excess of £2000+ to rebuild the wall. The Parish Council do not have the money to undertake this work at the moment, however, the Chairman has requested a site meeting with Steve Kent from Leisure at West Lancs. BC to discuss this matter in more detail. It was suggested that it may be possible to replace the wall with something less onerous e.g. a hedge, a fence etc. Resolved – The contractor will be instructed to remove the stone and place on the grass inside the village hall grounds as soon as possible. Further discussion on this matter will take place once the site meeting has taken place.**

 - h) Request for additional info. to complete the audit of the Parish Council accounts for the year ending 31 March 2017 from BDO – **The Clerk explained that the additional information was required because, when completing the annual return and transferring figures onto the return form, she had input a 3 instead of an 8. This will result in amendments to the annual return which could incur costs. The Council accepted this and will await the completion of audit report.**
 - i) A number of responses to reports made over previous months from Phil Steed, new District Lead Officer at LCC (See full list and details at Report 2 – page 5-6) – **Details of any action required will be detailed against each response received in Report 2).**
 - j) Late items received which may require discussion/action/observations – i) Information relating to a Heating Oil Club – **Noted.**
